

HOUZER.
Sinks for Life

A Tradition of Manufacturing Excellence
for over 30 years

For over 30 years, Houzer has earned a pedigree reputation for their expertise in design, value and attention to detail. Synonymous with quality and affordability, Houzer sinkware is found in millions of homes and commercial projects across North America. They use premium grade T-304 stainless steel with 18/10 nickel content to ensure its integrity. Other features include Stone-guard™ undercoating to keep water hotter longer while minimizing the sound of splashing water or clattering dishes.

Complimented by a complete line accessories and a Lifetime Warranty to the original purchaser, Houzer offers you country to classic, transitional to ultra-contemporary with arresting designs and sculptural details at a price you won't believe! For sinks and more...
